* Consider playoffs and/or order of Rudy Shoot. We can also reduce the number of weeks, if necessary/desired. Significant discussion indicates that we can NOT get rid of the Rudy Shoot, nor should we make too abrupt changes to it. Discussion also took place to consider making the Rudy Shoot a *true* "invite only" and/or league-wide memorial shoot.

** We also discussed spacing out these changes a bit and NOT making too many changes all-at-once. Some felt that the "arbitrary round order" might just confuse people, for example.

Rudy Shoot locations.

A - Sodini's

B - The Pub

...since Legion had BOTH last season, Sodini's had last fall... and there aren't too many choices. Christy's has been a BAD place to play this season according to B players, so it's out (ie. they've been "out" of "everything," including anything more exotic than Budweiser).
